

**Portable Flat Panel Display Stands Are Perfect For When Wall Mounting Is Not An Option.**

Featuring a simple, elegant form, these mobile plasma/LCD stands provide stability and portability for the newest generation in AV equipment. Two heavy-duty chrome steel tubes with a black powder coated steel base offer safe, reliable and decorative frame. Stands hold 37" to 60" flat panel TV's with screen mounting hole patterns up to 29"W and 19.8"H. Smooth continuous touch-tilt mounting bracket allows up to +/- 15 degree tilt adjustment to provide the optimum viewing angle. Mobile flat panel TV stands move easily on 4" rubber swivel casters (2 with brakes). Assembles easily.
